Dear Peter and Mr. Töröcskei,

Sorry for the delay with the answer.

I appreciate your efforts to arrange communications between the HG and Renova and thank you for the offer to have the meeting with Mr.Szijjarto on the kazah issue.

Due to some reasons unfortunately I have difficulties with visit to Budapest in a period of 18-29 of August. Could I ask you to check with Mr.Szijjarto availability of meeting on the 2,3, or 5 of September, please?

Waiting for your response.

Kind regards,

Yakov

Dear Yakov

We have received your mail, stating that you are only willing to talk to the prime minister himself. Given the parties involved, and given the size and nature of the deal, this is understandable.

However, we just got an e-mail from deputy-minister Szijjarto, that he would like to meet the representatives of Renova to discuss the kazah issue, and finalize all the details before taking the issue to the highest level. He proposes 26th of August at 13.00 or 16.00 hours

We are arranging the meeting Mr. Barak recommended, but we are sure, that such a meeting will be more effective, if you could meet Mr. Szijjarto before. It would give you an opportunity to make sure, that they fully understand the issue, and avoid misunderstandings later.

We would like to emphasize, that Mr. Szijjarto is one of the closest aids of the prime minister. He has been the de-facto foreign minister as secretary of state of the prime minister's office for foreign affairs, and he will be officially the foreign minister when Mr. Navracsics is appointed EU commissioner. The prime minister entrusted this deal to him, and will certainly take his advice.

It was very impolite of the prime minister not to meet Mr. Vekselberg and Mr. Barak this week, but we think it is better to be slightly flexible, and meet Mr. Szijjarto. If we refuse the invitation, we will alianete him, which would endanger the whole process.

We would very much like to ask you to accept the invitation. Naturally as Mr. Szijjarto does not represent Hungary at the highest level, we propose that Renova should be also represented similarly.

Sincerely yours,

Peter Kira

Dear Peter,

Due to the lots of reasons there will be no any meetings at a lower level with the representative of Hungarian government prior to the meeting with PM.

For a some and a very short period of time we'll be waiting for the contribution in to the project and I'd like to confirm that setting ASAP of final and confirmed date of the meeting with PM is crucial for co-operation.

Let me outline that we've tripled the remuneration, signed the contract and paid the advance payment. We also provided your side with the framework of our co-operation with the Hungarian government and still have got no feedback.

We are disappointed, not satisfied but still hope that these are just temporarily difficulties that will be solved by your side in a short period of time.

Best regards,

Yakov

Dear Ehud

The fact that the office of pm VO has not confirmed a meeting even though pm VO himself promised such a meeting is totally unusual, and as you also said, does not help build the relationship between the parties.

We agree, that the way to set the process back on track, is to secure a trilateral meeting between the parties, and we will set one up.

In the meantime a lower level meeting could ensure that the trilateral meeting is successful, and if there is a decision to arrange such a meeting, we will do it immediately.

Sincerely yours,

Peter Kira

Dear Istvan
I felt disappointed getting PK report about the failure at this stage to get the planned meeting with PM VO.
I don't find it helpful at this stage trying to speculate re the reasons for it.

But having known Renova for a while I think that, given the situation, it is extremely important to set asap alternative date for the trilateral meeting PM VO/VV/EB that will be agreed and confirmed in advance by the PM office,in order to resume trust and momentum.
I Don't think Renova will feel comfortable with replacements for this.
However, I assume that following the setting of final and confirmed date for the meeting with PM VO Renova will be ready to consider ,if necessary, a lower level preliminary discussion.
We all have put too much energy and resources into it to let it fall apart this way, by now.
Wishing you success.
Looking forward to your response.
Warm regards
